CONDITIONS

1. This is a commercial invoice issued by Diamond Capital Africa for the shipment described above. It is not an assay certificate, an export permit, a packing list, or a Uganda Revenue Authority assessment.
2. Insurance of USD 1,900.00 and transport of USD 32,500.00 are allowances that complete the stated declared value of USD 95,000.00. Before the goods are declared, replace those two lines with the insurance certificate and the carrier's freight invoice. If those documents show different amounts, the declared value changes with them.
3. The export levy is printed at USD 200 per kilogram, the rate published for refined gold. Confirm it with the Uganda Revenue Authority. Keep the levy receipt with the export documents.
4. French import duty and French VAT are not included. They are assessed in France, if they apply.
5. The importer's legal name, address and identification numbers on this invoice are still open. Insert them before the invoice is used. Bank details are advised separately and are not printed here.
6. Title and risk follow CIP Paris, France, Incoterms 2020. Carriage is by air.
